Storytime Starters

Theme: All the Water in the World (Spring 2018)

The Rain is on the grass
(Scarf rhyme)

The rain is on the grass
(wave scarves downward)
The rain is in the trees
(wave scarves up)
The rain is on the roof
(Wave scarves over your head)
But not on me!
(let scarves fall on head)

Can repeat with sun, snow, wind

Bubble Bubble Bubble Pop!
 From Library

One little red fish swimming in the water
(make hands swim back and forth)
Swimming in the water,
Swimming in the water
One little red fish swimming in the water
Bubble, bubble, bubble, bubble
(wiggle hands upward)
Pop!
(clap hands)

(there is a flannel board of this one in the kit with a wide variety of different animals)

The Water Cycle Song
(to the tune of London Bridge)
by Rebecca Millerjohn

All the rain comes pouring down,
(wiggle fingers down)
Pouring down, pouring down,
All the rain comes pouring down,
Down from the sky

The sun comes out and dries and it up
(put arms up like sun)
Dries it up, dries it up
The sun comes out and dries and it up
Back to the sky.

The water vapor makes a cloud
(roll hands around)
Makes a cloud, makes a cloud
The water vapor makes a cloud
Up in the sky

The wind comes out and blows it round
(blow a wind and wave arms back and forth)
Blows it round, blows it round
The wind comes out and blows it round
All through the sky

Lightening flashes and thunder claps,
(clap hands together)
Thunder claps, thunder claps
Lightening flashes and thunder claps,
Up in the sky!

(repeat the cycle starting with rain)

Theme: All the Water in the World (Spring 2018)

STAFF ONLY

Big Book:

*Mushroom in the Rain*

Flannel Boards:

*The water cycle – can sing with water cycle song; 5 little raindrops*

Prop Stories:

*Bubble Bubble Bubble Pop (Animals swimming in the water) - with animal facts!*

Movies:

*All the World; Come on, Rain!*

App:

STamps:

Umbrella, seashell, mice in the rain

Craft ideas:

Create a rain scene – tear tissue paper to create a layers water look, use cotton balls for clouds, draw a rainbow or create one from paper.

Smaller group – draw water animals with white crayons and paint water colors over them to show the relief. Add salt to water colors to absorb and change the color

*this may be a good time, depending on your space to consider an activity table rather than a craft? A sink or float station with different objects

Early Learning Tip:

Learning about the natural world and processes like the water cycle are a great way to encourage curiosity and wonder that will drive future learning. Model being curious with your kids by sharing your “I wonders…” and “I don’t knows…”
