

RUMPUS REPORT

HAEN FAMILY PARK + REINDAHL PARK, JULY/AUG 2023

"As a full-time working/full-time mama, parenting strategies that teach me how to nurture my child while also being able to take care of myself and the various tasks I have ... are monumental.

I found this approach to be so valuable and have already applied it with more confidence at home over the last week."-- Parent

This child's immediate response to seeing the Welcome Card was to hug and kiss the monster illustration. Then, she offered it some balls. Even pre-verbal kids know play!
